VOL. XXXIII.

STANFORD, KY., TUESDAY, OCTOBER 3, 1905.

NO. 61.

HON. J. M. ALVERSON.

Present Representative and nominee for re-election, is too well known to the people of this county, who he has served so faithfully in the Legislature, to make an introduction necessary. Some 10 or 12 years ago he came to Lincoln from Madison and at once took a prominent part in politics. He offered for office two years ago and won with little or no trouble. He had no opposition for the nomination this time. While in the Legislature Mr. Alverson introduced the following bills:

An act to define vagrants and punish vagrancy. Passed and approved by the governor and is now a law.

An act providing a penalty for drawing, flourishing or waving a deadly weapon in or upon a passenger coach. Passed, approved by the governor and is now a law.

An act to amend Section 4019, Article 1, chapter 108 of the Kentucky statutes, reducing the State tax from 50c to 48c.

An act to require owners of dams across certain streams in this Commonwealth to construct and maintain fish ladders or roads across said dams during the months of April, May and June of each year.

An act to amend Section 9, Chapter 63, of the acts of 1902, which became a law March 21, 1902: "During the institute there shall be a suspension of all the schools that are in session, but no reduction of the TEACHERS' SALARY shall be made on account of such suspension. The time of actual attendance upon the institute in days and parts of days shall be accredited to the teacher if the institute be held during the session of his school," so that said section when amended shall read as follows: "Every teacher of a common school, including teachers of the 5th and 6th classes, who hold a State diploma, State certificate or county certificate, or who contemplates applying for a certificate of qualification to teach in the common schools, no reduction of the TEACHERS' SALARY shall be made on account of such suspension."

An act to amend Section 1, of subdivision 1, of Article 3, Chapter 108, of an act entitled: "An act to regulate Revenue and Taxation," which became a law Nov. 11, 1902. "Every railway company or corporation, and every incorporated trust company, guarantee or security company, gas company, water company, ferry company, bridge company, street railway company, express company, electric light company, electric power company, telegraph company, press dispatch company, telephone company, turnpike company, passenger car company, dining car company, sleeping car company, chair car company, and every other light company, corporation or association, also every other corporation, company or association having or exercising any special or exclusive privilege or franchise not allowed by law to natural person, or persons, or performing any public service, shall in addition to the other taxes imposed by law, annually pay a tax on its franchise to the State, and a local tax thereon to the county, incorporated city, town and taxing district, where its franchise may be exercised. And provided, further, that should any corporation, company or association having or exercising any special or exclusive privilege or franchise not allowed by law to natural persons, or performing any public service, conduct or operate its business without first securing a franchise in the manner and way provided by law, or shall conduct or operate its business without the expiration of its franchise without securing or renewing another or new franchise, shall be deemed guilty of a misdemeanor and shall be fined \$1,000 for each offense and each day it so operates, conducts or runs its business without said franchise shall constitute a separate offense."

Mr. Alverson worked and voted for the School Book bill, which now gives to the 500,000 school children in the Commonwealth cheaper books for five years, with an exchange price for their old books, reducing the price of books nearly one-half.

Mr. Alverson will be better equipped at the next session of the Legislature, having the advantage of past experience in the House. Seems to us it would be unwise to make a change now, even if Mr. Hubble, his opponent, were a democrat. Certainly it would be foolish, he being opposed to every thing democratic. Mr. Alverson is willing to stand on his record made at Frankfort and asks the fair-minded people of Lincoln county to investigate and see if he is not worthy of their suffrage.

KIDD'S STORE.

Much damage has been done to tobacco in this neighborhood by "house-burn."

The stork alighted in our town Saturday night and there is another girl at B. W. Leigh's.

Casey county's jealousy of her bluegrass border prompted a determination of Lincoln's limit of jurisdiction by a survey, and corner stones have been placed. A youth observing one on the roadside observed, "somebody's buried there."

Edgar Reynolds made a dash through this end with a good threshing machine and very efficient, though numerically a short crew, and soon delivered the contents of every grain stack into garner or elevator. The yield was generally gratifying.

Llewellyn, a wagoner, whilst dreaming, was dashed against a fence by his team and painfully shaken up and cut about the face and head. Fortunately Samaritan B. F. Mays was near by with bandages and ointment and demonstrated himself a skillful amateur surgeon. Aurelius Dunn and crew have done excellent work in repairing our pikes and President John Stapp is rushing work on his end of the Hustonville and Liberty pike, widening grade at needed points, renewing culverts and where practicable, doing a permanent job with tiling.

Mayor Mason Poppell, our mentor and authority on meteorological and other arcana, made the discovery that the respective phases of the moon occur on corresponding dates in this and the next months. What other astronomer has noticed the anomaly? Also he designated a calendar year which included 12 "new moons."

Your versatile Hustonville correspondent's modesty is only exceeded by his philanthropy. When Gill Cowan was unable to assist the expert in the establishment of his water plant from a nine-hole, into which he had fallen, Billy Williams was called in consultation and though hydraulics had never received especial attention by the gentleman, he promptly diagnosed the case and prescribed a specific: which started the machinery in perfect order.

Esquire Grandison Smiley and wife, of Birmingham, have left us after a protracted visit to their son, John, and family. The "squire is a vigorous Mexican war and Confederate veteran, well past the four score mile-stone, who deserves another score of years to round out an eventful and exemplary life. Whilst a member of Lincoln county's court a few years since a litigant expressed apprehension of prejudice and improbability of Squire Smiley's ability to give him justice. "Why, Ben, you can discard all apprehension. I'll give you full justice if I have to hang you," was the comforting (?) assurance.

Surrounding merchants report the anomalous experience of a farmer of more than ordinary thrift serving notice that his wife had become extravagant and must be depended on for payment for all her purchases, declaring his determination to repudiate all future accounts. One party informed him that he would disregard the notice and cheerfully continue to supply the lady's demands, confident of his ability to compel payment. Discussion of the circumstance has given currency to numerous incidents which had been suppressed or confidentially discussed as peculiarities, if not idiosyncrasies, and elicited congratulations that not the West End, nor even Kentucky must assume discredit for such development.

Doctors said He would not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." Penny's Drug Store.

The jury was completed and the hearing of evidence begun at Russellville in the case of W. R. Fletcher, accused of criminally assaulting Mary Gladder. Troops are closely guarding the jail.

Mystery Deepens.

Mystery deepens as to why so many millions persist in suffering from such fearful affliction as dyspepsia, constipation, etc., when they could so easily get rid of every one of their troubles by a few doses of Dr. Caldwell's (laxative) Syrup Pepsin. Have you tried it? If not, do so today.

MUSIC AT THE LEXINGTON TROTS.—Music has always been one of the big attractions at Kentucky's great trots. It has always been the policy of the management to secure the best bands available. This year the ever popular Weber, with his famous prize band of America, will give daily concerts before the grandstand. Weber's band, besides being one of the very best musical organizations in America, is noted for the appropriate selections and catchy music with which it favors the visitors to the trots. All the latest hits of the East are always heard for the first time in Lexington through Weber, and his concerts alone are worth the admission price. These concerts are given daily, from Oct. 3rd to Oct. 14th, during the entire meeting.

Made a Hit.

When Dr. W. B. Caldwell, the sage of Monticello, first prescribed his great remedy for indigestion, constipation and biliousness, now known as Dr. Caldwell's (laxative) Syrup Pepsin, its success was so great that it made an instant hit. Since then it has been used all over the world and has never failed to duplicate its first successes. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. MR. SAM W. MENEFEE, who has most successfully edited the Danville Advocate for several years, has given up that paper and will accept a lucrative position with a St. Louis telephone company. Mr. Menefee has put the Advocate, where it should have been all of the time, in the true democratic column, and it is sincerely hoped that Mr. H. E. Woolfolk, who will succeed him, will change neither the politics nor the policy of the good paper. The retiring editor made many friends while a member of the tripod, who regret that he has seen fit to leave a business for which he is so well fitted.

THE Danville News publishes a list of prescriptions for whisky given by Danville physicians in the last 60 days, which shows that considerable red liquor is consumed in that town. From the list it is seen that Dr. O'Rear's patients needed stimulants worse and Dr. Tucker's next. The former gave 247 "pres" and the latter 155. To the credit of the other 13 doctors it is shown that they gave only 102 orders for whisky.

A NEW YORK man has just been given seven years in Sing Sing for embezzling \$50,000. John A. McCall abstracted \$48,702 from the money of the policyholders of the New York Life Insurance Company, and it is regarded as a quite meritorious act by the Republican campaign committee. Senator Morgan expresses the opinion that the trip will be valueless and, incidentally, expresses doubt as to the success of the entire canal project.

Because they differed in religious matters, Theodore Shroat and James Station, farmers of Bath county, fought as they returned from Mrs. Anna Harrod's camp-meeting, in Fleming county. Shroat cut Station three times in the side and slashed his clothes to ribbons. Station struck Shroat in the head with a rock, crushing his skull and perhaps fatally injuring him.

Life is Embittered.

Life is too often embittered by the grievous pains and suffering caused by dyspepsia, in one or other of its many forms. No other disease covers such a wide range of symptoms, or causes such varied suffering, to its victims. Stomach-ache, headache, dizziness, nausea, biliousness, constipation, fever, etc.,—all are due to this one dreadful disease. No wonder that thousands are so enthusiastic over the cure of their disease by Dr. Caldwell's (laxative) Syrup Pepsin. It is a most marvelous, potent and universal cure. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

Correspondence has been made public between President Roosevelt and Assistant Secretary of State Francis B. A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

Great Closing-Out Sale.

We have rented a business house, now nearing completion, in Corbin, Ky. which we expect to occupy at an early date. This stock consists of not only the Cream of Dry Goods, such as Silks, Satins, Fine Woolens, Waistings, Fine Table Damasks, Underwear, Hosiery, Outings, Etc., Etc., but also contains the largest assortment of hand-painted Japanese, China and Bric-a-brac Novelties ever shown in this section. In addition to the above we have a 5c and 10c department that is now loaded with good, useful money savers. This will be our last opportunity to supply the wants of our friends and customers and we deem it necessary to further remind you of the character of merchandise you now have an opportunity to purchase at sacrifice.

Owing to the short stay we have in your midst we are compelled to make this Strictly A Spot Cash Sale to One and All, and we ask those who have already made little tickets to please settle.
